

Loch Leven Time Trial

Thursday 3rd June 2010

12.6 miles - 20km

The first in the KCC's 2010 summer series of Loch Leven Time Trials.

A new course this year which takes the left turn a mile after passing Channel farm to finish outside the new community campus. Surprisingly this was a longer distance (being 12.6 miles) than last years finish on the approach to Milnathort. The course is now the same as that use by the FCA mid week TT series event so you will be able to compare your times with some riders who take this Time Trialing lark seriously. It certainly makes for a better finish where we can gather in relative safety. This 1st event in the series was slightly later in the year than preferred but we were blessed with a very bright and warm evening though there was a strong wind blowing.

Thanks for all who turned out and made it a fun event. Many clad in full club kit making for a superb splash of colour and good promotion for the club. There is however certainly scope for more of the club members and hanger oners to come out and give it a go.

Special thanks to Ken O for his 'support' at the start.

Ken, now that he is retired, was unbeatable and his experience of time trialing this year saw him through to a comfortable victory...Well done!!!

Robby S was the surprise second place...the bladed spokes certainly giving the 'edge'.

Alan Corsie had a ride of his life to come third... Gillian is no easy gal to beat...Sandy B was very strong despite not being at full power as his running legs are not firing at 100%...

Gillian C managed to get the better of Lachlan M by 7 secs which seemed to make her day???... the dual will continue on the next outings... Roddy P you are definitely recovered and will do doubt now go from strength to strength. Alan Hellier has Paul Z in his sights (4 seconds is very close)...and well, as for John Mackay...I guess that what getting married and going on honeymoon does for you...must sap your strength, but I am not sure as I can not remember....

Keep spinning
