

Loch Leven Time Trial

Thursday 1st July 2010

12.6 miles - 20km

The second in the KCC's 2010 summer series of Loch Leven Time Trials.

Thanks to the fantastic 5 that turned out to keep this competition alive. After a rainy day the evening turned out to be dry though very muggy. Swarms of wee flies plagued the riders all the way round the loch ensuring the riders pedaled with gritted teeth. Grant Young was out time trialing for the first time and subbed 40 mins. Alan H improved his time by a 1½ mins! Angus M put in a stunning performance with a time that gets him up near the front line contenders. Lachlan and Ken had quite a tussle... I am sure no drafting went on.??? Ken came through victorious, even starting last and passing all along the way. In the process he set a new KCC course record of 33mins. Who is out there to stop him ??? ...come on Gillian don't let the gals down.

Thanks to Paul Zarb for helping out on the night.

Keep spinning
