

Angus storms to Victory

28 April 2011 No 2 of 8 of the KCC Grand Prix

"Kneel before el Presidente"

A record turn out for a Kinross CC competition. 19 members enjoyed a beautiful sunny evening blast around the loch. There was however a tricky cooling wind that was quite strong at times making for slightly lower times. Kens record of 33 min still stands. Our hill climb champion, Stewart McElroy, turned up to show us what he could do in the time trial stakes but unfortunately punctured early on and DNF. Does this leave the Grand Prix series wide open? Top spot went to Angus (34 min 47 sec) on his fabulous new TT bike which certainly looks mean in the matt back finish. Ken O was pushed back into 2nd spot but I certainly would not count him out for future events. John Gallacher was third and I'm certain we have not seen the best from him. He is very determined to crack this Time Trial business and find his true fastest ability. Our top lady Gillian C took a very credible 4th position pushing out el presidente, Roddy P, into 5th slot. Grant Young had another stunning ride. Grant, it must be time for you to get out with the G1 set and really start to consolidate your new found form and hopefully continue to improve. Probably best not mention Carolanne C. Needless to say I am confident she will improve on the next LLTT now that she knows the route. Rashmi Shah gave up the Kinross 10km run in favour of our time trial and did not disappoint in 38 min 52 sec catching his minute man, and another Kinross Road Runner, John Bayne on the line. We had for the first time a member in the master's category, David Easson who is just getting back into a little more serious cycling. Stewart Herd put in a solid performance but I suspect Euan Findlay found it tough after the exertions of last Saturday's sportive ride. Ian Duncan, James Connelly and John McKay all put in effort and will have points on the board. Lastly Alan Corsie hit a pot hole and punctured. His pump didn't work so he flagged down John Bayne who gave him his pump but Alan couldn't get it to work. Paul Zarb stopped and helped and the both rode in together.

Well done to all! See ya at the next Grand Prix event
