Both Ken Os & John Ms lining from their shorts had come unstuck. Fabric glue seems ineffective.

If other cases are reported feedback will be given to Carvalho

Winter Training

Turbo sessions in village hall or LLCC was discussed and not deemed to be a viable option

It was agreed that if any member wanted to be part of the committee they would be more than welcome. They could hold a specific post or just be an ordinary member.

Summer Hill Climb

The date for this is Sunday 6th September 2009

The venue is to be "Stronachie" members to be notified via the yahoo group.

Action: - John M

Coaching

It was generally agreed that it would be of benefit to the club if we had some qualified coach.

This should be looked into for the 2011 year. Funding can be acquired from several sources.

Action: - Paul Z

Winter hill climb

This should be in late November or early December in attempt to miss the snowy weather that can be experienced in the New Year.

Suggest Sunday 28th November – Cleish hill climb

Action: - John M to organise and notify membership via yahoo group accordingly.

Subsequent developments based from postings on Yahoo KCC Forum

Have 3 events, total of 7 events

1, TT round LL.

2, Cleish hill race. (Winter & Summer) + Stronachie

(Alternatives would be 3 climbs such as:-, Cleish to Loch Glow, Dunning, Purrin Den, Stronachie, Leslie Craigmead, Fakland Craigmead, Path of Condie)

3, TBC, maybe a flat sprint, one mile.

Run all events on a Thursday evening but only on the first Thursday of every month. ie all 3 events run over 7 to 8 months.

This encourages our competitive spirit, gives us all a PB to beat, has a potential trophy(s) at the annual dinner, gets us all out on one evening instead of the drips and drabs we sometimes have!

Website

It was felt that the website could do to be 'refreshed'

Ideas that were put forward was a page for all the club competitions results

ie the summer and winter hill climb competitions and the Loch Leven time trial series.

A page listing out the dates of Scottish sportive rides and possibly a page for Scottish Audax events, a page on the FCA mid weeks time trial series.

The home page should have some form of calendar or list of significant dates eg AGM, awards dinners, KCC's hill climb and time trial dates, dates of committee meeting.

Action: - John M to ask Trevor Keer if he would be interested in updating KCC's website and taking over the role as Webmaster.

FCA (Fife Cycling Association) mid week time Trial series 2011

KCC have been allocated 3 events for 2011 to organise.

Thursday 19th May 2011 Loch Leven 14ml

Wednesday 29th June 2011 Cleish 10ml

Wednesday 27th July 2011 Cleish 10ml

It was felt that host 3 would stretch our limited band of volunteers.

Help with signage is required especially on the LLTT

Action: - John M to liaise with FCA about KCC's concerns.

Christmas ride

Last years event was cancelled due to snow. It was generally agreed that a mince pie ride to a members house would be a welcome and well supported gathering.

Action: - Alan C to approach Tony B and Duncan C (Cleish Mill) about the possibility of them hosting this event this Christmas

AUDAX

John M proposed that KCC adopt one of the AUDAX rides he organises. The Kingdom of Fife 200km. Schedule for sometime in June and starting from the Kinross Area, either Milbridge hall, Milnathort Town hall, Crook of Devon Institute or the like. It was generally agreed this could be achieved.

Action: - John M to devise route and arrange with AUDAX UK

Kinross Community Newsletter

No write up in last month's newsletter.

Paul and Alan to take over summiting copy to Eileen Thomas – newsletter editor.

John M to notify Eileen accordingly.

Action: - Paul Z, Alan C, John M

Sportive Kinross

This is progressing along at a rapid pace; from routes to venue, web site to sponsorship, video to shirts. Too much to include in these minutes. A big thank you on behalf of KCC goes to Paul Zarb for his effort and drive in getting this sportive well and truly off the ground.

Thursday nights meets

Numbers on Thursday nights have started to dwindle thus reducing possibility of split groups. The mixed level of riders attending has meant it difficult to organised rides to suit those present. Next year G1 rides will undertake 'tempo training'. Whilst G2 riders can meet and organise a ride to suit their level of ability. All to be actioned for 2011. With the reduction in daylight the Thursday night rides are to cease. Members to be notified and web sites altered.

Action: - Alan C

Meeting closed 9:40ish

A big thank you to Alan for proving his house for the meeting

John Myerscough

KCC Secretary
