Kinross Cycling Club

Committee Meeting – 11 August 2026

Present: Richard Sanderson (Chair); Neil Curr (Treasurer); Kathryn Baker (Secretary); Jane Timperley (President); Linda Martin; Jenny Shanley; Brad Oliver; Kirsteen Durkin

Apologies: Andy Cunningham; George Shanley

Agenda item	Discussion	Action
1. Note of last meeting & matters arising	Note of the last meeting is approved. And has been added to the website. Matters Arising: • 2025 AGM minutes – has this been published to website – completed • Sunday Bun run – completed • FCA members to be invited to KC TT events – completed • Lock up tidy – completed • SC to be notified of new CWPO – completed • Home delivery for club kit – covered under agenda item 6	
2. Promotional material at FCP – banner, poster	KCC poster has been re-instated at FCP. Kirsteen suggested we ask about installing a large mesh banner along the fence at FCP, possibly 2 and thought that this would likely be agreeable FCP. Jane will ask next time she is at FCP. Kirsteen agreed to progress the banners using vista print.	**Jane** **Kirsteen**
3. Awards night planning	Agreed to hold this at FCP with a similar format as previous years. It was proposed to invite Martin Harris as a guest and agreed. Kathryn volunteered to take on a coach/support role with Kirsteen helping if able. Proposed date of 21st November – Jane will check whether FCP is free on that date Linda has volunteered to help gather in the trophies. Linda has agreed to speak to Jeff Wall re making some bespoke wooden mementos as a general award to be kept by the awardee.	**Jane**
4. Member question re e-bikes	We have been approached to ask whether the club could purchase a couple of e-bikes for members to borrow. There were a number of issues identified: • Costs • Insurance • Storage/ battery charging/ maintenance • The challenges of purchasing a bike which would fit a range of differently sized riders It was noted that many local shops will allow people to try e-bikes out, and also e-bikes are also available to hire in a number of places. It was agreed that this was not feasible for the club. Jane will feed back to the member who made the initial enquiry	**Jane**

Agenda item	Discussion	Action
5. Kit order	Bioracer will not do home delivery so people will need to collect and arrange this via George. Agreed to open up another window for kit order. George will advertise this via Spond and Facebook. It was agreed to also give people some advance notice of the window and suggested the timing tie in with the end of month, when people are often paid. The small sized kit was to be donated to the charity Kirsteen Ross is involved with. Linda is to ask Kirsteen if she still want the kit and if so to make contact with George to collect	**George** **Linda**
6. End of TT series meal	Thursday 3rd September – booked for Kirkland's	
7. Sportive update	The next meeting is 26th August. Timing cost has increased slightly but has been booked. Campus has been booked for 17th April, to avoid clashing with Loch Ness. The Sportive Committee is looking to identify groups for further charitable donations. It was suggested that we ask local organisations to nominate themselves and noted that this should be kept local to Kinross. Suggested that we also look at a donation to something in Dunning. Kathryn to contact the community councils in Kinross and Dunning to enquire about local groups and report back.	**Kathryn**
8. Support for Friends of Lochore Meadows	It was suggested that this would be a good group for KCC to support via a financial donation. Brad will check whether they would want some support in kind via volunteers to assist with trail repairs.	**Brad**
10. AOCB	• Trophies – we have donated one of our trophies to FCA for the women's prize at the Loch Leven TT. • Brad asked if we wanted to organise anything for the TdF. Kirsteen advised there is a community toolkit that will be issues early next year and shared an overview of the community engagement plans and opportunities for spectator participation in the lead up and start of the event. Agreed that the club want to do something but there is time to come up with ideas. Flying Scot club – Brad is involved with this, and the club are trying to promote this. He suggested to Kirsteen that this might be something to tie in with the TdF events. • Critical Mass, Edinburgh – Brad has recently attended this and proposed to promote this as club ride. It was agreed the KCC would be happy to do this and Brad will organise this for September. It was noted that the Dundee Critical Ride also runs monthly, usually on a Friday and there was an appetite to also arrange a club ride for this.	
11. DoNM	3rd November at 7pm @ Kirklands
