KINROSS CYCLING CLUB

Hilly Time Trial

14th July 2011

No 5 of 8 of the KCC Grand Prix

On a relatively warm summers evening 22, riders turned out for the clubs first ever Hilly Time Trial. The 13.38 mile route was effectively two climbs followed by two high speed descents, with the half way point being the big hole in the ground that is Pathstruie. El Presidente was resplendent in the Maglia Rosa and proved very hard to miss at the finish. The fastest time round, setting the course record, was Howie Pether. It was his first time out with the club and he was just trying us out with a view to becoming a member.

John Gallacher's non appearance means a change in the series leader board with Gillian Corsie edging out in front and having an eleven point advantage over Roddy. In third place and snapping at Roddys heels is Alan Corsie. Looks like the Corsies will have to get a bigger trophy cabinet for the years end prize giving!

Many thanks to John M for all the organisation & timekeeping. Special mentions also to Roland Kitson for assisting John and also to David Easson, for pictures at the finish line.
